ACADEMIC REGULATIONS FOR B.TECH (SYNTHETIC FIXTURE)
Office of the Dean (Academics) | Version 3.1 | Effective 2024-07-01

1 General Provisions

1.1 These regulations apply to every B.Tech programme of the University.

7 Attendance

7.1 Attendance is computed for each course as classes attended divided by classes held.

7.2 Minimum Attendance. A student must have at least 75% attendance in a course to be eligible to appear in the end-semester examination of that course, subject to clause 7.4.

7.3 Detention. A student who does not satisfy clause 7.2 is detained in that course, is shown as DETAINED in the result and must re-register for the course.

7.4 Condonation. The Dean (Academics) may condone a shortfall of up to 5 percentage points on medical grounds supported by documents, subject to clause 7.2.

8 Evaluation and Results

8.1 Passing Marks. A student passes a course by securing at least 40% of the maximum marks, internal and external marks combined.

8.2 Grading Table. Letter grades are awarded according to the table below.

Grade	Marks range (%)	Grade points
O	90-100	10
A+	80-89	9
A	70-79	8
B	60-69	7
C	50-59	6
D	40-49	5
F	Below 40	0

9 Supplementary Examination

9.1 Eligibility. A student who has failed or was absent in the regular end-semester examination of a course may appear in the supplementary examination of that course. A detained student is not eligible and must re-register.

9.2 Procedure for Application. To apply for the supplementary examination:

1. Collect the supplementary examination form from the Examination Branch or download it from the university portal.
2. Fill in the form and obtain the signature of the Head of Department.
3. Pay the supplementary examination fee at the Accounts Branch.
4. Submit the signed form with the fee receipt to the Examination Branch within 7 days of the declaration of the result.

10 Degree Requirements

10.1 A student must earn at least 160 credits with a CGPA of 5.0 or above to be awarded the B.Tech degree.
